

Can energy efficient-lighting replace the Traditional?

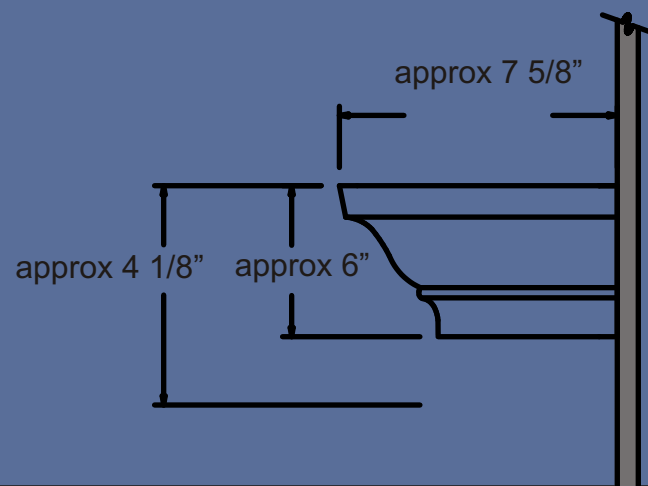

guest bedroom

What, no central fixture?

- Parallel coves along walls allow light to follow soft angle of ceiling upward
- Use of indirect lighting improves visual quality of the environment
- Reduces eyestrain sometimes caused by glare from recessed downlights

fixtures

- 32 watt T8 fluorescent strip lights provided by **Lightolier**, Electronic Dimming ballast provided by **Advance Transformer Company**
- Dresser top lamp by **Westinghouse**
- Ceiling Fan by **Westinghouse**

Lighting
